In accordance with Regulation 14, in setting the CIL rate the Council has aimed to strike what it considers to be an appropriate balance between

- the desirability of funding from CIL (in whole or part) the actual and expected estimated total cost of infrastructure required to support the development of its area, taking into account other actual and expected sources of funding; and
- the potential effects (taken as a whole) of the imposition of CIL on the economic viability of development across its area.
3. The CIL Rate

Developers will be liable to pay the following CIL rates in Sevenoaks District, subject to any exemptions, relief or reductions that may be available under the CIL regulations or local discretionary exemptions:

4. Calculating how much CIL developers will pay.

Calculating the Charge

SDC will calculate the amount of CIL payable ("chargeable amount") in respect of a chargeable development in accordance with regulation 40 of the Community Infrastructure Levy Regulations 2010, as amended in 2011 and 2012.

Inflation

Under Regulation 40, the CIL rate will be index linked with the Royal Institute of Chartered Surveyors "All In Tender Price Index".

The current All In Tender Price Index is (to be set out at time of adoption).

Existing Floorspace on a Development Site

Regulation 40 provides that the total floorspace of any existing buildings on a development site should be subtracted from the floorspace of the chargeable development, where the existing buildings have been in use for at least six months within the period of 12 months ending on the day planning permission first permits the chargeable development.

Exemptions and Relief

The following forms of development are exempt from paying CIL:

- buildings into which people do not normally go, or go only intermittently for the purpose of inspecting or maintaining fixed plant or machinery (Reg 6); and
- developments of under 100 sq m that do not result in the creation of 1 or more additional dwellings (Reg 42);
- development by a charity where the development will be used wholly or mainly for charitable purposes (Reg 43).

The following types of development are able to apply for relief from paying CIL:

- social housing (Reg. 48, 49, 50, 51, 52, 53, 54).

In addition, the Council has the option to offer discretionary relief for:

- development by a charity where the profits of the development will be used for charitable purposes (Regs. 44, 45, 46, 47, 48); and
- exceptional circumstances (Regs. 55, 56, 57, 58).

The Council's policy on whether discretionary relief is offered will be set out in a separate policy document, in accordance with the relevant regulations.
